Lightweight : Home charger adapter allows charging at home or in the office via USB cable connection. Simply plug in the USB cable, and plug the adapter into the wall. Compact, lightweight, portable, stylish, easy to store.

What You Get : 2 x dual port usb wall charger. QUESTION & ANSWER:

Q1. 2.4A max for each slot, or total?

A1: 2.4 max if only using one port at a time, a total of 2.1 max when both are used.

A USB device generally uses very little amps and many use less than 0.5 amp and when you are charging ,

For most USB devices, 2.1 amps is 100% plenty to fully power two USB devices at the same time.

Q2: is this a quick charger?

A2: It doesn't support Qualcomm Quick Charge, just fast than usual wall charger. iPhone charge full up to 2 hours, iPad up to 2.8 hours.

Q3: Will these work for Verizon iPhone or iPad?

A3: It will work well. This wall charger has a regular USB port so if you have a charger cord with usb or usb devices. Almost support all USB Phones and Tablets.
