**Compatibility**Specially designed for Samsung Galaxy S10 only, NOT for Samsung Galaxy S10e / S10 Plus / S10 5G and any other models.

**Support In-Screen Fingerprint ID**Ultra slim film does not interfere with the touch response and In-Screen Fingerprint ID. If fingerprint recognition is not sensitive after installing a screen protector, please try to record your fingerprint again.

**Case-Friendly Design**Designed to be compatible with most cases. Extra space is left around the borders for your case to wrap around the edges of your mobile without interfering with the film

**Self Healing**Unique silicone adhesive layer ensures non-bubble installation that self-heals minor scratches and scuffs over time.

**Installation Video**Please watch our installation guide video before applying the screen protector.Easy alignment tool makes tempered glass easier to install.
