Review-2021**

[Read Customer Reviews](#)

Elastic closure

Practical design: the summer neck gaiter face wraps are designed with ear hangers on sides, which can make them not easy to fall off when you wear, nice elasticity makes them not bring much pressure and hurt to your ears, suitable for your daily wearing and long-term use

Multifunctional headwear: the non-slip elastic balaclavas can be applied as neck gaiter, face cover, headwear, head kerchief, helmet lining and so on, different ways to use and wear, they are soft and breathable, comfortable to wear, can protect you from strong sunlight, dust and wind

Sport accessories: the UV protection neck face wraps are suitable for hiking, cycling, skiing, fishing, running, camping and other outdoor activities, wearing them can provide you with all-round protection, they can absorb your sweat and get dry quickly, giving you cooling feeling

Nice gift: the non-slip breathable balaclava bandanas are made of elastic fabric, you can stretch them to proper size according to your head circumference, simple design and classic colors are suitable for both women and men, you can share them with friends and family members as gifts

Convenient to replace: you will get a total of 4 pieces of sun protection balaclava headwears in different colors, convenient for your daily wear and replacement, breathable face covers will give you nice using feeling Review 2021, feedback 2021, promo code, discount code 2021, buy, picture, description, sale, price comparison, cheap, cheapest, value for money.
