[Read Customer Reviews](#)

Made in USA ArmorSuit MilitaryShield precise laser cutting screen protector for Samsung Galaxy S20 (2020)

Ultra HD Clear and amazingly thin, perfectly matches the contours of your device. Easy application with flexible material is designed for maximum full coverage on curved corners and edges on your device.

Created from scratch-proof, ultra-tough, hd-clear, military-grade, de-colour material and is custom fit for each particular gadget and device with full body and screen protection.

ArmorSuit MilitaryShield has self-repair technology, which helps eliminate minor scratches on the film all by itself. Significantly reduces dust, oil and fingerprint smudges.

Includes: ArmorSuit MilitaryShield screen protector, installation spray, squeegee, microfiber cloth, installation instructions and Manufacturer's Lifetime Replacement Warranty. This Warranty is ONLY valid when purchased directly from an ArmorSuit's official seller on Amazon. ArmorSuit Screen Protector is a flexible thermoplastic urethane film that is built to withstand the curved state it arrives in the package. Made in USA Samsung Galaxy S20 Case Friendly Screen Protector by ArmorSuit. Made in USA.

ArmorSuit MilitaryShield is the leading brand screen protector featuring exceptional clarity for all of your devices. It is made from the same film material that is used to protect military aircrafts, helicopters and space shuttles. MilitaryShield is also equipped with self-repairing technology to maximize the protection. The self-repairing technology works to constantly eliminate minor scratches on the film. All of our MilitaryShield products are uniquely designed to fit your devices perfectly. It's designed to provide daily protection against scratches and reduce chances of damage to your screen from impact. Best of all, it's very easy to apply. *Made in USA*

BUBBLE FREE

MilitaryShield uses a wet installation method that leaves no bubbles. Any tiny bubbles left after applying will disappear within 24 hours.

SELF-REPAIRING

Self-repairing technology is featured in MilitaryShield film to constantly eliminate minor scratches for maximum protection.

FLEXIBLE FILM

To provide the most coverage for your device, MilitaryShield products are able to follow most contours and curved edges of devices.

SMOOTH TOUCH

The smooth surface of MilitaryShield creates minimal friction and does not interfere with the touch responsiveness of your device.

FINGERPRINT REDUCTION

MilitaryShield film makes it easy to use your device without accumulating oily fingerprints. A layer of fingerprint reduction in MilitaryShield film helps keep the screen clean.

QUICK & EASY INSTALLATION

MilitaryShield utilizes a wet installation method that makes the installation process easy and error-proof. Adjustments and alignments can be easily made during the installation process to match the fit and cutouts. Mistakes and errors can be easily fixed by reapplying.
