[Read Customer Reviews](#)

**IMMEDIATE BACK PAIN RELIEF:** BraceUP back support brace features dual adjustment straps to provide customized fit and compression. It gives you immediate pain relief from the lower back, scoliosis, herniated disc, and muscle pain. We stand firmly behind our products and offer a 100% satisfaction guarantee. Or we will refund you no question asked. So shop with confidence.

**SUFFICIENT SUPPORT FOR THE BACK:** BraceUP back brace features eight-firm support stays that keep everything in place, giving you sufficient support in the lower back areas you need it most. These stays hold in place snugly against your back, without adding unnecessary compression or resistance. The brace is designed for multi-purpose use, so it's easy to work into your daily routine.

**FULL RANGE OF MOVEMENT:** BraceUP Stabilizing Back Brace is the best option for comfortable lumbar support while still allowing for a full range of movement. Whether it is heavy lifting, gym workout, light exercise, or just doing housework, our back support has you all covered so you can always be confident moving your back.

**LIGHTWEIGHT, BREATHABLE AND LOW MAINTENANCE:** BraceUP back belt brace is made of lightweight but super durable materials. The mesh panel material we used can release excess heat and moisture, so you won't feel like being heavily wrapped and constrained like the other braces. Besides, our brace is super easy to wash and clean.

**DISCREET AND STAY IN PLACE:** The waist support belt can be easily worn under clothes thanks to its anatomical and low profile design. Our premium soft-touch inner lining feels very comfortable. In fact, you won't even notice it's there, but you'll be sure to notice the benefits. The generous four anti-slip silicone straps are offered to ensure the back support belt stays in place while you stay active. Back pain can be the end of productivity, getting in the way of all the things you need to do in your busy life. The BraceUP Stabilizing Back Brace is the best option for comfortable lumbar support, while still allowing for full range of movement. The curved design helps minimize slipping and bunch, while eight stays provide additional support to the back. Mesh panels allow for the release of excess heat and moisture. Dual adjustment straps ensure customize support for the most comfortable fit. This brace is perfect for everyday use, higher intensity workouts, and everything in between.

Lightweight and durable

The BraceUP Stabilizing Back Brace features a lightweight, durable design that maintains the natural shape of your back. But instead of feeling overly tight, the brace allows for full range of movement. This means that you can commit to your usual activities and workload without having to worry about back pain. Give it a try for yourself during workouts, walks, heavy lifting, and more!

Eight firm stays keep everything in place

The brace features eight firm support stays that keep everything in place, giving you assistance in the areas you need it most. These stays hold in place snugly against your back, without adding unnecessary compression or resistance. The brace is designed for multi-purpose use, so it's easy to work into your daily routine. You'll hardly notice it's there, but you'll be sure to notice the benefits.

Breathable material

The Brace is made with breathable fabric material that allows excess heat and moisture escape, keeping you cool and dry during your activities.

Dual adjustment straps

Dual adjustment straps provide each user with a customized fit that suits their body-type and personalized comfort needs.

Anti-slipping straps

Silicone straps minimize slipping, so the brace remains firmly situated on your person while you stay active.

Strong Velcro

High-quality velcro holds the straps in place without feeling too tight or adding unnecessary pressure.

Choose the right size

Three sizes available. To ensure the best fit, measure your waist around the belly button. If between sizes, choose the larger size. Review 2021, feedback 2021, promo code, discount code 2021, buy, picture, description, sale, price comparison, cheap, cheapest, value for money.
