Upgraded Nano Steam Tech: EZBASICS Facial Steamer is a new type of steamer that generates nano-ionic steam. Nano steam combined with ionic water particles are up to 10x more effective in penetrating skin than basic hot water steamers. This high powered tech is designed to be used with distilled or purified water for best results. After filling with specified water and turning it on, enjoy strong and soothing mist within 30 seconds. Relax and enjoy the flow of steam for approximately 10 minutes.

At Home Facial & Enjoyable Fragrance: The facial steamer helps to moisturize your skin and unclogs pores to allow better penetration. The direction of the nozzle and steam flow is adjustable to create your perfect relaxing at home facial. Moreover, if you need aromatherapy, you can drop a few drops of essential oil onto the aromatherapy pads and place them on the machine's built-in aromatherapy tablets.

Safety: The facial steamer is made of eco-friendly ABS, non-toxic, and non-irritating material. When using for the first time, you may notice a slight new plastic smell as is normal with all plastic products. Worry not as this smell will disappear after a few uses. The steamer will also power itself off when the water supply has run out to prevent dry burning.

Professional 5 Piece Skin Kit Included: 5 Piece Skin Kit is included with every Nano Steamer. You can follow up your steaming session by using this kit to remove blackheads and blemishes effortlessly for perfect skin after every use.

Great Gift & Tip: The facial steamer comes equipped with exquisite gift-ready packaging that makes it become a perfect gift. Note: Distilled water or pure water can only be added to the water tank. DO NOT add other liquids such as aromatherapy essential oil, otherwise it will cause the water tank to rupture. Are you still worried about dry skin caused by cold or dry climate? Do you feel stressed after a long hard day of work?

Provide a tender and delicate appearance for your skin.

Our facial steamer improves cell vitality and oxygen absorption through the skin for a healthier younger looking complexion. Use it to help open and unclog your pores to allow better penetration of follow-up facial cleaning products such as cleansers or face masks. Also, use it prior to applying makeup for a more natural feel and appearance of your skin.

Improve Your Skin Condition

A Bonus 5-piece blackhead removal kit is included with every facial steamer. Follow up your steaming session by using this kit to effortlessly unclog pores and remove blackheads. Additionally, the facial humidifier improves skin cell vitality and oxygen absorption for a healthier younger looking complexion.

At Home Facial & Enjoyable Fragrance

Our steamer also functions as an atomizer that will supply sufficient moisture to your face. This will give your face a smoother feel and appearance. The direction of the nozzle and steam flow is adjustable to create your perfect relaxing at home facial and spa. Moreover, if you need aromatherapy, you can drop a few drops of essential oil onto the aromatherapy pads and place

them on the machine's built-in aromatherapy tablets. Just sit and enjoy as your all your senses are soothed by this wonderful apparatus.

Good for Sinuses Relief and Eye Relaxation

The warm mist from our facial steamers can naturally help you relieve sinuses. Moreover, the steamer can be used to provide you with an "Eye Spa" by relaxing your eyes after a long day at work, reading session, or watching TV/computer for extended periods of time. The steamer will relieve the tension in your eyes caused by these activities.

Instructions for Use

1. Power supply

Plug the power cord into a household electrical outlet. The power supply and outlet must meet the product requirements.

2. Power on

Push the power button all the way in to power on the steamer. The steamer is powered on if you see light at the base of the nozzle.
