Rubber sole

**MENS WATERPROOF SANDALS:** These lightweight and eco-minded sandals are waterproof, machine washable, and extra comfy making them the ultimate beach companion of the season

**BIODEGRADABLE:** Biodegradability is the future of plastics. Unlike other degradable plastic additives (which produce methane), Eco-One can be recaptured and used as a source of sustainable energy.

**NO BREAK-IN PERIOD:** Packed with the comfort and support of Reef's anatomical arch support and heel cupping, these soft flip flops for women will keep your feet comfortable no matter where they take you

**BEACH FREELY WITH REEF:** We are encouraging people around the world to embrace the fun, freedom and spirit of the beach while living life by one simple rule: Beach Freely.
